

Dear Parents/Guardians,

Welcome to Winfield Park District's 2018 Summer Camp!

The warm weather is coming and we are ready! My staff and I look forward to creating a memorable summer for your children. The goal at the Winfield Park District Summer Camp is to create a fun, safe, and enjoyable environment for every child. Spending such a significant amount of time with the campers is a responsibility that my staff and I take very seriously. We strive to provide a positive experience for both you and your child.

There are exciting things to look forward to this summer! Our online registration will continue to allow parents to make online payments. We will also continue to text alerts through Remind, our safe, free text messaging service. Parents and guardians have the ability to receive text message notifications and reminders regarding weather procedures, field trip reminders, etc. We will be holding a Meet the Counselors night on Thursday, May 31st at 7pm. Campers and parents can meet the counselors that will be working this summer. Week One Newsletters will be at the event and will be emailed to anyone who signs up for email newsletters. Camp shirts will also be available for purchase/pick-up and parents will also be able to sign up for the text service at this event.

As always, if you have any comments, questions, or concerns my staff and I are glad to help in any way possible.

To a healthy and happy summer!

Cayla Pruitt

Recreation Supervisor
